International Journal of Antimicrobial Agents 6 (1996) 243–246

INTERNATIONAL JOURNAL OF
Antimicrobial
Agents

# Contents Volume 6

**No. 1**

Treatment and experimental therapeutics of blastomycosis
*V.S. Georgiev* 1

Factors affecting methicillin resistance in *Staphylococcus aureus*
*B. Berger-Bächi* 13

Resistance patterns in Turkey
*D. Gür, S. Ünal and H.E. Akalın* 23

A sequential study of intravenous and oral Fleroxacin for 7 or 14 days in the treatment of complicated urinary tract infections
*R. de Gier, A. Karperien, K. Bouter, M. Zwinkels, J. Verhoef, W. Knol, T. Boon and I.M. Hoepelman* 27

Antibiotic susceptibility of staphylococcal isolates from patients with vascular catheter-related bacteremia: potential role of the combination of minocycline and rifampin
*R.O. Darouiche, I.I. Raad, G.P. Bodey and D.M. Musher* 31

Penicillin-resistant *Streptococcus pneumoniae* in Riyadh, Saudi Arabia
*M.N.H. Chowdhury, M.R.A. Khaliq and A.M. Kambal* 37

Value of culture of pus via percutaneous drainage under sonographic guidance in diagnosis and therapy of pyogenic liver abscess
*E. Brunetti, R. Capellini, C. Meloni, R. Bruno, S.F.A. Patruno, T. Zanardini and C. Filice* 43

In vitro influence of polyunsaturated fatty acids on nosocomial *Pseudomonas aeruginosa*: a preliminary report
*E.J. Giamarellos-Bourboulis, P. Grecka, A. Dionyssiou-Asteriou and H. Giamarellou* 47

Detection of an integrated tetracycline-resistance plasmid in *Staphylococcus aureus* from a Nigerian hospital
*E.E. Udo and W.B. Grubb* 51

**No. 2**

Resistance to antimicrobial agents as a public health problem: importance of the use of antibiotics in animals
*E. Pérez-Trallero and C. Zigorraga* 59

0924-8579/96/$32.00 © 1996 Elsevier Science B.V. All rights reserved

Management issues in paediatric pharyngitis and otitis media
*N. Principi* 65

The value of culture of pus via percutaneous drainage under sonographic guidance in diagnosis and therapy of pyogenic liver abscess
*E. Brunetti, R. Capellini, C. Meloni, R. Bruno, T. Zanardini and C. Filice* 81

Ofloxacin and fleroxacin enhance superoxide production in human polymorphonuclear leukocytes by increasing phosphorylation in the signal transduction pathway
*T. Matsumoto, T. Nagafuji, K. Takahashi, S. Kubo, M. Sakumoto, Y. Mizunoe and J. Kumazawa* 85

Trends in the susceptibility to antimicrobial drugs of common pathogens in childhood septicaemia in Nigeria: experience at the University of Maiduguri Teaching Hospital, Nigeria, 1991–1994
*G.O. Akpede, O. Adeyemi and J.P. Ambe* 91

Resistance of some selected pathogens to antimicrobials in Hungary
*E. Ludwig, M. Konkoly Thege, M. Árr and G. Kovács* 99

Survey of the levels of antimicrobial resistance in Argentina: WHONET program – 1991 to 1994
*M.A. Rossi, M. Tokumoto, E. Couto, A. Di Bella, M. Alstchuler, N. Gomez, F. Dujovney, L. Galanternik, M. Woloj, N. Hardie, J. Stellin, M. Schlipak and T. O'Brien* 103

2-Amino diphenylsulfides as new inhibitors of trypanothione reductase
*R. Fernandez-Gomez, M. Moutiez, M. Aumercier, G. Bethegnies, M. Luyckx, A. Ouaissi, A. Tartar and C. Sergheraert* 111

Absorption of ciprofloxacin in febrile and afebrile patients
*K.B. Patel, P.P. Belliveau, C.H. Nightingale, D.P. Nicolau and R. Quintiliani* 119

DNA gyrase *gyrA* gene mutations in ofloxacin-resistant *Staphylococcus aureus*
*Y. Tokue, K. Sugano, T. Noda, D. Saito, Y. Shimosato, H. Ohkura, T. Kakizoe and T. Sekiya* 123

**No. 3**

Introduction
*I.M. Hoepelman* 129

Epidemiology of mycoses in the HIV-infected patient: clinical aspects
*M.G. Rinaldi* 131

Current clinical issues on mycoses in neutropenic patients
*F. Meunier* 135

Epidemiological shifts in opportunistic and nosocomial *Candida* infections: mycological aspects
*F.C. Odds* 141

Resistance of clinically important yeasts to antifungal agents
*F.C. Odds* 145

Antifungal prophylaxis in neutropenic patients
*M.A. Boogaerts* 149

Oral candidiasis: the clinical challenge of resistance and management
*I.M. Hoepelman and B. Dupont* 155

Aspergillosis: diagnosis and treatment
*D.W. Denning* 161

Cryptococcal meningitis: Diagnosis and treatment
*M.-A. Viviani* 169

Itraconazole: pharmacology, clinical experience and future development
*K. De Beule* 175

**No. 4**

Open-label titration study of the safety of RMP-7 in patients with the acquired immune deficiency syndrome
*N.M. Anstey, L.M. Stewart, M. Packard, W.F. Graney and J.A. Bartlett* 183

Griseofulvin and its uses
*E. Finkelstein, B. Amichai and M.H. Grunwald* 189

Antibody response to tetravalent influenza subunit vaccine in patients infected with human immunodeficiency virus type 1
*M.M.E. Schneider, M.J.W. Sprenger, I.M. Hoepelman, Y. van der Graaf and J.C.C. Borleffs* 195

Comparative in vitro activity of L-ofloxacin and FK037 to other agents against 10,040 fresh clinical isolates
*I. Cooper, D.J. Isbell, J.A. Kruszynski and L.R. Peterson* 201

'In vitro' development of metronidazole, erythromycin, amoxicillin and gentamicin resistance in *Helicobacter pylori*
*M.I. Brenciaglia, A.M. Fornara, M.M. Scaltrito and F. Dubini* 223

Antibacterial activity of hydroxychalcone against methicillin-resistant *Staphylococcus aureus*
*M. Sato, H. Tsuchiya, T. Miyazaki, S. Fujiwara, R. Yamaguchi, H. Kureshiro and M. Iinuma* 227

Comparative trial of 3-day azithromycin versus 10-day amoxycillin/clavulanate potassium in the treatment of children with acute otitis media with effusion
*A. Arguedas, C. Loaiza, M. Herrera and E. Mohs* 233

**Supplement**

Preface
*H. Lode* Siv–Sv

Sulbactam and clavulanic acid: enzyme kinetics and synergy with ampicillin and mezlocillin
*W. Cullmann, S. Binder and M. Stieglitz* S1

Comparative in vitro studies on the β-lactamase-inhibiting effect of clavulanic acid and sulbactam on ampicillin-resistant Enterobacteriaceae
*H. Grimm* S9

The influence of sulbactam on the in vitro activity of mezlocillin, piperacillin and cefotaxime
*A. Bauernfeind, H. Grimm, W. Klietmann, W. Opferkuch and H. Werner* S15

The effect of a combination of ampicillin and sulbactam against clinical isolates of anaerobic bacteria
*H. Werner, W. Heizmann and F. Heilmann* S27

Stability of β-lactamase inhibitors and β-lactam antibiotics in parenteral dosage forms and in body fluids and tissue homogenates: a comparative study of sulbactam, clavulanic acid, ampicillin and amoxycillin
*A. Wildfeuer and K. Räder* S31

Pharmacokinetics of ampicillin/sulbactam in patients undergoing colorectal surgery: measurements in serum, the colonic wall and in tissue at the incision site
*M. Wenzel, A. Wildfeuer and F. Gutsche* S35

Treatment of bacterial infections in children with sultamicillin
*H. Scholz, X. Märker and T. Rockstroh* S41

Sulbactam in combination with mezlocillin, piperacillin or cefotaxime: clinical and bacteriological findings in the treatment of serious bacterial infections
*K. Manncke, M. Springsklee, W.R. Heizmann and H.G. Sonntag* S47

Efficacy and safety of sultamicillin (750 mg bid) compared with amoxycillin/clavulanate (625 mg tid) in patients with uncomplicated urinary tract infections
*W. Schütz* S55

Sulbactam/ampicillin versus cefoxitin in the treatment of gynaecological infections: an antibiotic therapeutic study
*R. Stiglmayer, H.H. Senft, H.W. Eibach and J. Körner* S61

Comparison of sulbactam/ampicillin and cefuroxime in infections of the lower respiratory tract: results of a prospective, randomized and comparative study
*C.-D. Schwigon, R. Cuhorst, M. Gabor, J. Zinndorf and M. Springsklee* S67

Which antibiotic is better for the treatment of infections of the lower respiratory tract?
*C.D. Schwigon, M. Gabor, J. Hartmann, R. Mössinger, M. Oberling, U. Schubert, H. Schwarck, M. Springsklee and J. Zinndorf* S73

Perioperative use of ampicillin/sulbactam, cefoxitin and piperacillin/metronidazole in elective colon and rectum surgery: a prospective and randomized quality control study in 422 patients
*J. Menzel, J. Bauer, E. von Pritzbuer and I. Klempa* S79

*Instructions to Authors*
S83
